200 STERLING PLACE BROOKLYN NY      DIANAFRAME@GMAIL.COM

---

## EXPERIENCE

### **Founder**, Frame Research LLC, Brooklyn, NY

Research and consulting in health care, working with pharmaceutical, biotechnology, device, and non-profit clients. Expertise in evidence-based medicine projects including systematic literature review, manuscript authoring / revision, phase II-III drug development intelligence, and comparative effectiveness research. July 2006–present

### **Research Library Volunteer**, Memorial Sloan-Kettering Cancer Center, New York, NY

Answer time-sensitive literature search queries for clinical staff; develop training materials for PubMed and other search engines. September 2009–present

**HealthLink Intern**: Designed, implemented, and analyzed database for multi-year NIH-funded project addressing racial and ethnic cancer screening disparities. January 2008–December 2008

### **Director, Information Services**, United BioSource Corp. (formerly MetaWorks Inc.), Medford, MA

Guided scientific teams including physicians, biostatisticians, and research analysts in project analyses for health care clients, using published literature and retrospective databases. Managed implementation of company-wide custom relational database. January 2002–June 2006

### **Project Manager**, MetaWorks Inc., Medford, MA

Prepared data sets, manuscripts, reports, and practice guidelines based on clinical literature and meta-analyses; trained research staff, managed timelines. February 2000–December 2001

### **Research Associate**, Cambridge Energy Research Associates, Cambridge, MA

Wrote, edited, designed graphics, and analyzed data for reports on climate change and environmental strategy. Planned forums for global energy industry. August 1996–February 2000

### **Roanoke River Project Coordinator**, The Conservation Fund, Chapel Hill, NC

Built financial and community support for creation of non-profit environmental group in a five-county area of rural North Carolina. May 1995–June 1996

### **Greenways Intern**, Durham City/County Planning Department, Durham, NC

Prepared public outreach presentations and river corridor maps. Academic year 1994–1995

### **Clinical Trials Unit Assistant**, AIDS Treatment Center, Cincinnati, OH

Maintained 1000-patient clinical database, manually reviewed paper charts for epidemiologic research, compiled reports on potential trials eligibility. Fall 1994, Summers 1988–1991

### **Supervisory Technician**, Laboratory for Circadian Medicine, Boston, MA

Implemented research protocols in studies on human subjects, including ensuring accurate data collection, drawing blood samples, and supervising assistant technicians. March 1992–July 1993

## EDUCATION
